Ports: A UK Policy	Transport - Exeter Council				<a href="http://www.exeter.gov.uk/media/pdf/k/4/ECC.MA.2.2.pdf">www.exeter.gov.uk/media/pdf/k/4/ECC.MA.2.2.pdf</a>		Government			Shipping, Fishing, Tourism
The UK Renewable Energy Strategy	Department for Energy and Climate Change - UK Government	National		2009	<a href="https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/228866/7686.pdf">https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/228866/7686.pdf</a>	This Strategy will help us tackle climate change, reducing the UK's emissions of carbon dioxide by over 750 million tonnes between now and 2030. It will also promote the security of our energy supply, reducing our overall fossil fuel demand by around 10% and gas imports by 20–30% against what they would have been in 2020. And it will provide outstanding opportunities for the UK economy with the potential to create up to half a million more jobs in the UK renewable energy sector resulting from around £100 billion of new	UK Government		UK
